

A historic event venue space that was originally the lobby for The Chestertown Bank built in 1849. It has three tall arched windows that extend from the wainscoting to the 20' high ceiling and an octagonal skylight with a large elegant chandelier that adorns the space. Depicted in the logo is the detailed wood work that encompasses the skylight and balcony. The floors are new hardwood with the original tile center, perfect for a dance floor! The most unique feature of this space is the walk-in safe that is filled with empty safe deposit boxes.
